— GLAD TO HAVE YOU WITH US —

WELCOME TO AMON

Where does the name AMON come from?

You are currently in Charlottenstraße. The street was named after Sophie Charlotte, who was the queen of Prussia from 1668 until 1705.

One of her friends was Amon.

(actually, he was written with two o's but we like it better with one)

Amon was an inquisitive person and loyal friend, known for being a great host.

The origin of the name is Hebrew and means 'a loyal worker' or 'son of my nation'. In Greek it can also be translated as 'the great'. All these traits and values are things we want to share and stand for.

Enjoy your meal and let's have a great time!

— SEE YOU SOON

THANK YOU

If a lot of small groups of people, in a lot of places, do a lot of small things, they can change the world. We aspire to be one of these places. We are aware of our impact and responsibility and would like to encourage our guests to look beyond the edge of their plate.

Rather than throwing away lots of food at the end of each day we prefer having to occasionally tell you we ran out of something – and in that case do everything we can to find a great alternative for you.

AMON stands for high quality and we strive for sustainability. Our table water is freshly filtered Berlin tap water and many of our ingredients are supplied to us by local farms. Barolo on the other hand remains Italian, and we're OK with that.

We value personal and authentic service and hope you'll come back not only for our culinary expertise and a tasty meal, but also for us!

Your AMON Team

*"It is not only for what we do that we are held responsible,
but also for what we do not do."*
